PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 2+ years building production-grade MERN/Next.js applications that scale to 1,000+ concurrent users. Delivered a CRM platform in under 6 months, automated testing pipelines that slashed production bugs by 30%, and architected RBAC systems governing 500+ users across multi-department SaaS products. Comfortable across the entire delivery lifecycle — from MongoDB schema design to VPS deployment and CI/CD — in Agile/Scrum teams.

WORK EXPERIENCE

Full Stack Developer · V Power Logistics

Nov 2025 – Present | Gurgaon

- Delivered a production-ready, full-stack CRM from zero to live in under 6 months, replacing a manual workflow and cutting data-entry errors for the operations team.
- Engineered JWT-based auth with protected routes and session management, achieving zero auth-related incidents in production since launch.
- Reduced customer on-boarding time by ~40% by building lead-management and CRUD modules that automated previously manual data entry across 3 departments.
- Deployed and maintained the stack across Netlify + AWS + Render, achieving 99.9% uptime by configuring healthchecks, auto-scaling, and CDN caching.

Full Stack Developer · VGI Sooprs Technology Pvt. Ltd.

Aug 2024 – Oct 2025 | Gurgaon

- Architected and shipped 5+ responsive web applications (React.js, Node.js, Express.js) serving live users, with zero critical post-launch bugs in the first 30 days.
- Designed RBAC system that securely governed 500+ users across multiple departments, eliminating unauthorised data-access incidents.
- Scaled platform to handle 1,000+ concurrent users through query indexing, connection pooling, and MongoDB aggregation pipeline optimisation.
- Built automated API, UI, and load-testing suites (Selenium + JMeter) that reduced production bugs by 30% and shortened QA cycles from 3 days to under 1 day.
- Managed end-to-end VPS deployment on Hostinger — DNS, SSL, Nginx config, and server hardening — reducing deployment time by 50% compared to the previous manual process.
- Operated in Agile/Scrum: led sprint demos, tracked 100% of deliverables in Jira, and contributed to on-time delivery of 3 consecutive quarterly releases.

KEY PROJECTS

Shopper — Multi-Vendor E-Commerce Platform — *React.js · Node.js · MongoDB · Payment Gateway*

Live: <http://shopper.co.in/>

- Built an Amazon-like marketplace with cart, checkout, and live order tracking; optimised MongoDB queries to support 1,000+ concurrent users with <200ms API response times.
- Integrated a secure payment gateway and real-time inventory management across multiple vendors, reducing order errors to near zero.

CRM Platform — V Power Logistics & VPL Road — *React.js · Node.js · Express.js · REST APIs · AWS*

Live: <https://vplroad.com/> | <https://vpower.netlify.app/>

- Shipped a dual-deployment CRM (vplroad + vpower-logistics) with JWT auth, dashboards, and full CRUD; deployed to 3 cloud platforms with automated CI pipelines.
- Reduced sales team lead-tracking effort by an estimated 35% through automated status workflows.

AxeVisa — Visa Application Management — *Next.js · Node.js · MongoDB*

Live: <https://axevisa.com/>

- Designed a step-based process-flow engine that guided applicants through complex visa workflows, reducing support tickets by ~25%.
- Integrated document management with role-based upload permissions for agents, applicants, and admins.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Redux, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, PHP, REST API Design

Databases: MongoDB (aggregations, indexing), MySQL

Testing & QA: Selenium (Java), JMeter (Load Testing), Manual Testing, API Testing (Postman)

DevOps & Cloud: AWS, Netlify, Render, Hostinger VPS, Nginx, DNS/SSL Configuration

Tools: Git, GitHub, Jira, Postman

Languages: JavaScript (ES6+), C++, Python

EDUCATION

B.Tech — Information Technology

2020 – 2023 | CGPA: 7.79 / 10

Bundelkhand Institute of Engineering & Technology, Jhansi

ACHIEVEMENTS & ACTIVITIES

- ▶ Winner — National Children's Science Congress, Uttar Pradesh (2015); recognised for problem-solving under competition.
- ▶ Event Coordinator, Student Council of IT, BIET Jhansi (2022–23) — led planning for 4 technical events with 200+ participants.
